

## ChitChat FAQ

1. What is ChitChat?
  - a. ChitChat is a social media app where users can earn money via tips and subscriptions
2. What is a Tip?
  - a. Tips are small amounts of money that users may send you to show appreciation and support for your content. Tips are received in your wallet tab inside ChitChat.
3. What is a subscription?
  - a. A subscription is a one time payment made to a content creator to view exclusive content from that creator for a set period of time. When subscriptions expire they will need to be re-purchased. Money received from subscriptions will appear in your ChitChat Wallet.
4. What are sub-only posts?
  - a. These are posts only viewable by your subscribers and will appear blurry to all other users.
5. What are satoshis and what is bitcoin?
  - a. Bitcoin and the technology is what allows small and instant payments directly to the user, powering all of ChitChat. One Bitcoin (BSV) is equal to 100,000,000 satoshis.
6. What is my wallet?
  - a. Your wallet is a BSV wallet that stores all of your money and allows you to send and receive Bitcoin (BSV) to other BSV applications or wallets. Remember this can only send and receive BSV.
7. How do I withdraw my wallet balance?
  - a. You can withdraw it any time you would like. Simply go to the My Wallet page and press Send Money. Then paste the BSV address where you would like to send and press Send.
